GHS Classification Courses emails

Some people may have problems receiving our newsletter emails, where these end up in spam filters or junk folders.

This is because the emails are coming out from a package called ConvertKit, which is our current email provider.

To work round this problem, please ask your IT helpers to whitelist the following domains, which ConvertKit use:

- 168.245.119.110
- 167.89.80.227
- 167.89.29.208
- 167.89.29.250
